

Kids Quest Academy

You Can Do It... We Can Help

Kids Quest is an Academy that provides a conducive and productive learning environment to children as per international standards based on their innate intelligence. The curriculums are designed at inculcating not just academic, but a very important parameter of **alternate education**, through **Interactive Intervention and Developmental Integration**. Our curriculum is developed and based on the theory of various parameters of **Multiple Intelligence**, learning styles and the three learning methods **Audio, Visual and Kinesthetic**.

Every human is born with INNATE INTELLECT which is used to acquire knowledge and information, which in turn is processed by the brain to INTELLIGENCE.

Our highly skilled, trained certified and reputed Psychologists, Counsellors, Teachers and auxiliary staff provides **Early Childhood Education** through our three developed and copy right teaching techniques, **(Chalk, Walk and Talk)** The period of 0 - 8 years is considered the **Golden Age** of learning how to acquire, at Kids Quest Academy we inculcate these methods, enabling children to develop and attain skillful learning abilities and procure admission in high schools.
